of the medical profession, he feels warranted in GUAR-
ANTEERING A CURE IN ALL CASES, whether of long
standing or recently contracted, entirely removing
the seeds of disease from the system, and restoring

He would call the attention of the afflicted to the fact of his long standing and well earned reputation, furnishing sufficient assurance of his skill and success.

CAUTION TO THE PUBLIC.

Every intelligent and thinking person must know that remedies handed out from general use should have their efficacy established by well-tested experience. The majority of a regularly educated physician, whose preparation suits him for all the duties he must fulfill; yet the country is flooded with poor nostrums and cure-alls, purporting to be the best in the world, and are sure to do harm, and always injurious. The unfortunate should be EXTRACT in selecting his physician, as it is a lamentable yet incontrovertible fact, that many syphilitic applications have been made, and the patient ruined, by maltreatment from inexperienced physicians in general practice; for it is a point generally conceded

complaints would ignore the whole line of cases who would be competent and successful in their treatment and cure. The inexperienced general practitioner, having neither opportunity nor the necessary requisite knowledge of their pathology, commonly perceives the danger of treatment, in most cases making an indiscriminate use of that antiquated and dangerous weapon, Mercury.

HAVE CONFIDENCE.

All who have committed an excess of any kind, whether it be the solitary vice of youth, or the stinging rebuke of misplaced confidence in maturer years, need

SEEK FOR AN ANTIDOTE IN SEASON.

The Pains and Aches, and Lassitude and Nervous Prostration that may follow Impure Coition, are the Barometer of the system.

Do not wait for the consummation that is sure to follow.

Disordered Limbs, for Loss of Beauty
and Complexion.

**HOW MANY THOUSANDS CAN TESTIFY TO
THIS BY UNHAPPY EXPERIENCE.**

Young Men troubled with emisions in sleep, a complaint generally the result of a bad habit in youth, treated scientifically, and a perfect cure warranted, or no charge made.

Hardly a day passes but we are consulted by one or more young men with the above disease, some of whom are as weak and emaciated as though they had the consumption, and by their friends supposed to be incurable. We add to the prayer and only correct course of treatment, and in a short time are made to rejoice in perfect health.

MIDDLE AGE.

There are many men at this age, who are

bladder, often accompanied by a slight smarting or burning sensation, and weakening the system in a manner the patient cannot account for. On examination the urine is found to contain mucus, and is often found, and sometimes small particles of the albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and turbid color. In some cases the urine is the cause of this difficulty, ignorant of the cause, which is the **SECOND STAGE OF SEXUAL WEAKNESS.** I can warrant a perfect cure in such cases, and a full and healthy restoration of the urinary organs. Any person who desires to consult with me, can do so by writing in a plain manner a description of their disease, and the appropriate remedies will be forwarded immediately. All correspondence strictly confidential and will be returned if desired.

MORE TESTIMONIALS!

MRS. MANCHESTER

Is constantly receiving unsolicited testimonials of the astonishing cures performed by Mr. Among many recently received are the following, which are commended to the notice of the afflicted. Mrs. Manchester may be consulted at

No. 11 Clapp's Block, Room No. 6.

This is to certify that I went to see Mrs. Manchester last March with a daughter of mine troubled with spinal disease, for which she had been doctored for five years, and by a number of physicians of various kinds; and she had twenty-one applications of electricity applied, but all to no effect; but she continually grew worse. I came to the conclusion, the last resort, to go and see Mrs. Manchester, and did so; and to my great surprise she told me the first cause of the disease, and how she had been from time to time, which encouraged me to try her medicine. I did so, and now my daughter is able to be around the house all of the time. She also rides ten or fifteen miles without any trouble or inconvenience, and I think is a short time she will be restored to perfect health. Since my daughter has been doctored,

her has cured. I think if any person deserves patronage, it is the one who tries to preserve the health of the sick and suffering; and I know that she does every effort which lies in her power to benefit her patients.

ONE OF THE GREATEST CURES ON RECORD
MRS. MANCHESTER—Dear Madam!—Thinking a statement of my case may be of service to others similarly afflicted, I hasten to give it to you.

This is briefly my case—I was taken sick about 18 months ago with the Liver Complaint in a very bad form. I applied to four different physicians, but re-

had given up business, and was in a very bad state,
and after taking your medicine for a short time I began
to recover, and in two months I was entirely
well, and had gained several pounds of flesh, and
can truly say that by your skill I am a perfectly heal-
by man.

**A REMARKABLE CURE OF A CASE OF DRO-
PSY CURED BY MRS. MANCHESTER.**

This to certify that I have been cured of the
Dropsy of fifteen years standing by the medicine
after. I have been to physicians in Boston, New York
and Philadelphia. They all told me that they could
do nothing for me, unless they tapped me, and as-
sured me that by tapping I could live but a short

I was so much astonished to think that she told me incorrectly, that I told her that I would take her medicine, not having the least faith that they would me any good, or that I should get the slightest relief from any course whatever; finally I took the medicine and went home. In one week from the time I commenced taking the medicine, I had over three gallons of water pass me in seven hours; and my fellow sufferers may be assured that it was a great relief to me. I had not been able to lie down in bed at

with perfect ease. I have taken her medicine for eight months, and am as well as any man could be, and no signs of dropsy. I would advise those who are sick to go and consult Mrs. Hanson, even if they have been given up by other physicians. I have sent her a number of cases of other diseases, and she has cured them also. Go and try for yourselves. I had no faith, but now my faith cannot be shaken in her skill in telling and curing disease.
